OP6	Paruvathavarthini Thambiraj	JIPMER, Puducherry	Cytomorphological spectrum of extra nodal hematolymphoid malignancy diagnosed by fine needle aspiration cytology–An institutional experience over a period of 5 years
OP8	K. Dheepika	JIPMER, Puducherry	Molecular genetic analysis of β -thalassemia mutations in a tertiary care hospital in South India

LIST OF SELECTED ABSTRACTS FOR POSTERS

ON 11.02.23 (2-3 PM)

Series No.	Presenting Author	Institute / College Name	Title of the study
OP1	Remy Jacob Oommen	MGMCM, Pondicherry	Correlation of NLR and PLR values in upper and lower gastrointestinal lesions
OP7	Soundarya Ravi	JIPMER, Puducherry	Diagnosis of Burkitt Lymphoma in Fluid Cytology
CS1	Ashok Teja	Nizams Institute of Medical Sciences, Hyderabad	Bone marrow infections in immunosuppressed patients – A case series from a tertiary care centre
CS2	Roobashri Murugan	JIPMER, Puducherry	Myeloid sarcoma: Experience in a tertiary care centre in South India – A series of unusual eight cases
CS3	Akanksha Kalita	ABVIMS and DR RML Hospital, New Delhi	Plasma cell leukemia: A tripod of cases diagnosed on flowcytometry
CS4	Shipha Akanchha Kujur	Rajendra Institute of Medical Sciences, Ranchi	Multiple myeloma - case series
CS5	Swetha Venkatakrishnan	JIPMER, Puducherry	Should nodular lymphocyte predominant Hodgkin lymphoma be considered a B- cell non-Hodgkin lymphoma? – Search for an answer from a tertiary care center in India
CS6	Manasa Raj	JIPMER, Puducherry	Slipping into the blood or the node: by ETP-ALL TCCSG scoring system & potential role of CD34, CD43 & CD38 markers
CS7	Visaali Sivakumar	JIPMER, Puducherry	Unsuspected cases of Hodgkin lymphoma diagnosed primarily in bone marrow biopsy: A series of seven cases

HEMATCONF 2023

9th TO 12th FEBRUARY 2023

CS8	Mithraa Devi Sekar	JIPMER, Puducherry	Diagnostic difficulties of myelodysplastic syndrome with fibrosis
CS9	Arthy Raman	JIPMER, Puducherry	Hairy cell leukemia: A decade long experience of south Indian tertiary centre
CS10	Sharmila Balajee	JIPMER, Puducherry	Inherited bone marrow failure syndromes and their propensity to develop into myeloid neoplasms- A report of three cases collected over a period of four years
CS11	Immanuel Ratan	Sri Ramachandra Medical College & Research Institute, Chennai	COVID-19 Disease and D-Dimer: A comparative study of patients in isolation ward and intensive care unit with reference to outcome
CS12	Ananya A P	JIPMER, Puducherry	Histopathological spectrum of Langerhans cell histiocytosis– An institutional experience over a period of 3 years
CS13	Prattipati Lumen Agarkar	JIPMER, Puducherry	Utility of p53 IHC in diagnosis of pure erythroid leukemia
CS14	Hemnath.E	JIPMER, Puducherry	Immunoarchitectural pattern of normal spleen and hypersplenism–An institutional experience over a period of 3 years
CR1	Md Aslam Jawed	Rajendra Institute Of Medical Sciences, Ranchi	Case Report of Essential Thrombocythemia
CR2	Amit Ranjan	Rajendra Institute Of Medical Sciences, Ranchi	A Case Report: Acute Monoblastic / Monocytic leukemia with aberrant expression of CD7
CR3	Mihira Ginnavaram,	Nizams Institute of Medical Sciences, Hyderabad	Haematological manifestations of Sitosterolemia- A case report
CR4	Vishalli Dinesh	Dhanalakshmi Srinivasan Medical College and Hospital, Perambalur	Hemophagocytic Lymphohistiocytosis – A Neglected Mimicker of Leukemia: Case Report
CR5	Meryl Saji Kottarathil	Sri Ramachandra Medical College, Chennai	ALK+ ALCL with Secondary HLH
CR6	Aishwarya Thalappan puliyullaveettill	JIPMER, Puducherry	Diagnostic challenges in a pregnant woman presenting with severe anemia unresponsive to multiple transfusions
CR7	Divya Tiwari	ABVIMS and DR RML Hospital, New Delhi	Mixed-Phenotype Acute Leukemia (MPAL)-T/Myeloid type: A rare entity diagnosed on flow cytometry
CR8	Hemapriya K	Sri Ramachandra Medical College, Chennai	Expansile lytic lesion-Catch from bone marrow
CR9	Rugma Shine	SRM Institute of Science and Technology, Kattankulathur	Lepromatous Leprosy diagnosed in bone marrow aspiration, a rare cause of pancytopenia- A” Bolt from the blue
CR10	Subhashree Priya	Sri Ramachandra Medical College, Chennai	A Rare Case report of Acquired clotting factor deficiency in Multiple Myeloma

HEMATCONF 2023

9th TO 12th FEBRUARY 2023

CR11	Hansika.N	Kasturba Medical College, Manipal	Follicular lymphoma with uncommon features (uFL) diffuse type: a new entity in the orb of hemato-lymphoid malignancies
CR12	Jaya Madhuri Suryadevara	JIPMER, Puducherry	Plasmablastic lymphoma presenting as bilateral adrenal mass in a HIV-positive adult
CR13	Sarah Johnson	Kasturba Medical College, Manipal	Histiocytic transdifferentiation in T-ALL: An adverse entity
CR14	Rajashree Jeyaraman	JIPMER, Puducherry	Leukemia cutis as an initial presentation of Mixed phenotype acute leukemia: A double jeopardy
CR15	Nandhini Gangadaran	JIPMER, Puducherry	Rare coagulopathies - Case reports of isolated and combined factor deficiencies
CR16	V. Kalaivani	Government Chengalpattu Medical College, Chengalpattu	Transient Abnormal Myelopoiesis - A rare case
CR17	Jyotsna Sharma	JIPMER, Puducherry	Successful Pregnancy Outcome in a Primigravida Diagnosed with Chronic Myeloid Leukemia in Pregnancy
CR18	Lokeshwari S	JIPMER, Puducherry	Bilateral renal infiltration as a primary presentation in Burkitt lymphoma: An exceptional etiology of AKI in a child

ORAL PAPER PRESENTATION - GUIDELINES:

The Oral paper should be presented as follows:

- Kindly use Microsoft PowerPoint 2007 or above for the presentation
- Maximum duration of presentation per person: 7 minutes
- If any queries by judges or audiences for each presentation: 3 minutes
- Use the following headings: Title slide containing title, name of the presenting author, co-authors, their designation and affiliation
- Disclaimer slide about conflict of interest and any financial implications
- Brief introduction, aims and objectives, materials and methods, results, discussion, and conclusion slide with appropriate references
- Use the tables and figures appropriately

POSTER GUIDELINES:

- Use the standard poster size for printing in portrait format
- Poster should include: Introduction, Objectives, Methods, Results, Conclusions, References, Tables and figures for the original paper or case series. For a case report, use the following headings: introduction, case details and take-home message from the case report

For any queries regarding the presentation, feel free to email ishbt.pdy@gmail.com
